QUESTION 171

Which of the following URLLS statements are correct?

* In mid-2018, 3GPP release completed the URLLC basic version, By the end of 2019, the completed version of 3GPP release 16 was provided.
* The typical application scenarios of URLLS include automated driving, drones, and telemedicine.
* URLLS services require a delay of less than 10 ms
* URLLS mainly considers the requirements on network delay.

QUESTION 172

Which statement is true about big data? (Multiple choice, 10 points)
* Not a substitute for an effective business model
* You cannot model once for a lifetime

* Can replace the role of experts
* Can not replace the decision-making power of management

QUESTION 173

Which of the following services requires the highest network bandwidth? (single-choice question, 2 points)
* Remote registration
* Medical Device Asset Management
* Intelligent infusion
* Telesurgery
Analysis of the test questions: Remote surgery requires transmission impact, which not only requires delay, but also requires high bandwidth.

QUESTION 174

Which of the following are the key requirements of power distribution automation on communication networks? -MC
* Millisecond-level Ultra-low latency
* High isolation
* High reliability
* Ultra-high bandwidth

QUESTION 175

The first applications of 5G networks mainly focus on eMBB. (True or False, 2 points)
* True
* False
Question Analysis: The first applications of 5G networks mainly focus on eMBB

QUESTION 176

What are the proposers and users of slice requirements called? (single-choice question, 2 points)
* Customer
* Tenant
* Tenants
* Consumers
Question Analysis: The proposer and user of slice requirements are called tenants.

QUESTION 177

Which of following V2X service statements is incorrect?
* centralized deployment …
* third-party algorithm deployment framework
* centimeter level positioning
* capable of evolution to cooperative automated driving

QUESTION 178

Which of the following businesses is expected to achieve the first commercialization? (Multiple choice, 8 points)
* Autonomous driving
* 4K video

* Internet of Vehicles
* VR

QUESTION 179

VR vertigo is mainly caused by which of the following factors? (single-choice question, 2 points)
* Rate
* Delay
* Number of connections
* Glasses Weight

QUESTION 180

Which of the following are major challenges in the 5G era? -MC
* Explosive increase of connected devices
* Ultra-Low latency for communication between vehicles
* Fast handover on mobile networks
* Surging increase of MBB data traffic

QUESTION 181

Which of the following is the low-altitude ra2nge where drones can work? _SC
* 2000 m
* 100 m
* 1000 m
* 60 m

QUESTION 182

VR technology VR (Virtual Reality) is also known as augmented reality. (True or False, 10 points)
* True
* False

QUESTION 183

What kind of business will the first wave of 5G market focus on (single-choice question, 6 points)
* uRLLC
* mMTC
* eMBB

QUESTION 184

How many times is the 5G downlink peak rate higher than that of LTE? (single-choice question, 2 points)
* 10 times
* 50 times
* 100 times
* 500 times

QUESTION 185

5G is an end-to-end, fully mobile, fully connected ecosystem. (True or False, 2 points)

* True

* False

Question Analysis: 5G is an end-to-end, fully mobile, fully connected ecosystem.
