[Nov-2023] ServiceNow CIS-HAM Official Cert Guide PDF
Exam CIS-HAM: Certified Implementation Specialist - Hardware Asset Management - ValidExam

ServiceNow is a cloud-based platform that enables organizations to manage their IT services and infrastructure. Certified Implementation Specialist is a ServiceNow certification that demonstrates a professional's knowledge and expertise in implementing and configuring ServiceNow solutions. One of the key areas of ServiceNow is Hardware Asset Management, which helps organizations manage and control their hardware assets, such as computers, printers, and servers. The ServiceNow CIS-HAM certification is a specialist-level certification that focuses on Hardware Asset Management implementation and configuration.

The CIS-HAM Certification is suitable for IT professionals who are responsible for managing hardware assets in their organization. Certified Implementation Specialist - Hardware Asset Management certification can be beneficial for IT asset managers, IT operations managers, IT procurement managers, and IT service desk analysts. By obtaining this certification, individuals can demonstrate their expertise in implementing and managing hardware asset management processes using the ServiceNow platform.
